ELEUTHERA, BAHAMAS

There's no better place for a great escape than "Sea Cliff", located in one of the most unique, quaint and pristine secluded areas of Eleuthera.

The well thought out design of this home is what makes it so appealing. The buildings are divided into three separate units, one at each end, having two bedrooms and a bath in each one and the larger building in the middle have two separate kitchens, living rooms and dining rooms, with a large deck that encompasses the entire front. This deck has child proof railing around it with a panoramic view of the water and shoreline, and allows you to enjoy ever changing sunsets. It's ideally situated for two families that enjoy traveling together, but yet still likes to have their privacy. The three buildings open into a screened in area, looking out over the well landscaped grounds. All rooms have ceiling fans and the bedrooms are air conditioned for your comfort while sleeping. The kitchen, living and dining room are situated to be able to capture the nice balmy breezes.
